

CELLI SPIKE ROTOR - ERGON 120

TRACTORS FROM 50 - 120 HP

The Celli fixed-width spike rotor harrow has solid boron spikes at an angle that penetrates ground using minimal power.

Because it was first designed for stony ground, the machine can take rough conditions. The tailgate traps soil, so it's released as a fine tilth. A suitable seedbed is often created in one pass.

PRODUCT DETAILS

Make	Celli
Model	ERGON 120 F 205, ERGON 120 F 230, ERGON 120 F 255, ERGON 120 F 280, ERGON 120 F 305
Working Width	2050mm, 2300mm, 2550mm, 2800mm, 3050mm
Tractor HP	120hp (max)
Weight	1080kg, 1160kg, 1240kg, 1300kg, 1380kg
Overall Width	2320mm, 2570mm, 2820mm, 3070mm, 3320mm
SKU	CELLI-18

- Exceptional design rotor for one pass in primary conditions
- Multi flange waterproof sealing system exclusive to Celli to give rotor bearings full protection from water, dirt, wire and other foreign material
- Two piece tailgates for large range of seedbed finishes
- Steel face-to-face rotor seals for longer lasting rotor bearings
- Efficient multi speed gearboxes to minimise power loss and heat build up
- Robust headstock for a stronger, longer lasting machine
- Box section body for rigidity and long life
- Oil filled rotor bearings for low maintenance and guaranteed lubrication

FEATURES

- Multi position tailgate
- Easy drive scroll pattern
- Heavy duty gear side drive
