

## CELLI SPIKE ROTOR - PIONEER 140

### TRACTORS FROM 100 - 140 HP

The Celli fixed-width spike rotor harrow has solid boron spikes at an angle that penetrates ground using minimal power. Because it was first designed for stony ground, the machine can take rough conditions. The tailgate traps soil, so it's released as a fine tilth. A suitable seedbed is often created in one pass.
