

DUNCAN 310 ROLLER

As with the Roller Drill, this is a well built, strong unit. Available both with or without the hydraulically operated wheels. The rings are a 26" standard ring running on a 3" axle.

Available in 9ft and 10ft.

The support chain for under the centre of the axle when transporting is standard. A powder baked paint finish ensures a long life machine.

PRODUCT DETAILS

Make	Duncan Ag
Model	310 Roller
Working Width	2780mm, 3105mm
Overall Width	3125mm, 3455mm
