## PRODUCT DESCRIPTION

The Duncan AS19 is an air seeder version of the popular Renovator Classic. The air system has a large hopper for large seed and fertiliser capacity, and air delivery provides more consistent seed flow over undulating ground.

The sturdy 25mm coil tine with the Baker boot will ensure the seed is placed at the correct depth. The tungsten tipped point ensures a long life in the toughest environments.

With the standard 150mm row spacing this air seeder is suitable for both pasture establishment and the planting of cereal crops. The AS19 is fully powder coated to protect it from the harsh elements and has a full range of options available to tailor it to your individual needs.

- Proven "T" boot and 25mm coil tine for accurate seeding
- Weigh kit
- Footboard and handrail
- Drawbar safety chains
- Mechanical drive off ground wheel
- Simple and accurate air system with Accord metering
- Single or dual hopper
