## PRODUCT DESCRIPTION

High capacity boxes coupled with the accurate peg tooth seeder units mean you can sow accurately and for longer with the renowned Renovator reliability.

Sturdy 25mm coil tines with the Baker boot are spaced out over four toolbars for optimum trash flow. Commonly coupled with disc openers and tine harrows, the MK4 will make a beautiful job in the most challenging conditions.

Choose from 3 metre and 3.5 metre models, to sow large hectares in a range of terrain and conditions.

- Large capacity boxes with lids opening to 110°
- 25mm coil tine and Duncan 'T' boot with Tungsten tile on leading edge
- Weather skirts to cover over the seed and fertiliser metering outlets
- Large loading platform with safety rails
- Weigh kit with scales
- Electronic hectare meter
- Safety chains
- Stainless steel agitator shafts
- Peg roller seeder unit
- Electric drive off ground following radar is optional
