

## GRILLO CLIMBER 9.22

The Climber 9.22 is a hydrostatic ride-on brush cutter. It is equipped with a diff- lock and front parking brakes and it is ideal for mowing high grass and overgrown neglected areas. The machine is especially suited for use on steep slopes and banks due to its low centre of gravity and wide wheelbase. With a high performance Briggs & Stratton 18HP engine, the Climber 9.22 can perform these tasks safely, quickly and efficiently. The machine is ideal for working in the countryside, agriculture, or in the maintenance of both professional and domestic gardening. Its extreme maneuverability, smooth drive and high work rate make the Grillo Climber 9.22 an extremely rapid and efficient machine whilst at the same time being very easy to use.

### PRODUCT DETAILS

<b>Make</b>	Grillo
<b>Model</b>	CLIMBER 9.22
<b>Engine</b>	Briggs & Stratton 7220 Professional Series V-Twin
<b>CC's</b>	656cc
<b>Fuel Capacity</b>	13L
<b>Weight</b>	311kg
<b>Starter</b>	electric
<b>Drive System</b>	HST
