

GRILLO FD 2200TS STAGE5 4WD MOWER

FD 2200 TS represents the maximum expression of technology and performances that can be obtained today from hydrostatic lawnmowers with collection.

It has permanent 4-wheel drive, front cutting deck, very large grass catcher and raised discharge. The engine is of the latest generation, powerful and reliable, has low polluting emissions and meets the international STAGE 5 standards.

The 60 cm turning radius FD 22200 TS, the unique handling, the maximum stability on slopes, the excellent cutting capacity of the sturdy front plate and a collection system capable of compacting the grass inside the large basket, are able to satisfy every demanding maintenance technician who is attentive to the quality of his work.
