

GRILLO FM 2200 STAGE5 4WD MOWER

Grillo FM 2200 guarantees a great hourly output both in large spaces and in small areas with obstacles such as plants and benches. FM 2200 offers maximum power and cutting quality in all working conditions even with wet and tall grass. The large and comfortable driver's seat with pneumatic sprung seat allows perfect working visibility. The deck is floating and allows a regular and precise cut even in terrain with bumps or dips. The internal turning radius of just 62 cm and the automatic or manual differential lock allow you to easily overcome any obstacle. The rear axle is tilting and allows you to pass sidewalks and curbs with ease, maintaining traction on the 4 wheels even with uneven ground.

PRODUCT DETAILS

Make	Grillo
Model	FM 2200
Engine	Yanmar 3TNV88C Stage5
CC's	1642cc
Fuel Capacity	35L
Weight	1085kg
Starter	electric
Drive System	HST
