

HUSTLER CONTRACTORS BALE HANDLER LX200

Softhands LX200 Round & Square Bale Handler. Built for the serious contractor or large scale farmer the versatile LX200 Softhands® bale grab can handle both square and round bales. Oversized 38mm bushed pivots give unbeatable strength and reliability. With the tallest hands on the market, you can safely clamp 2 bales at a time, providing more grip on the bale reducing damage and deformation when compared with conventional bale grabs. Horizontal nudge bars eliminate pinch points and eliminate ripped or damage bales when compared to other bale clamps. Field-tested to handle bales up to two tons.

PRODUCT DESCRIPTION

BENEFITS

Double the Capacity

Clamp 2 bales at once (subject to tractor and loader capacity). Cut the time it takes unload/load a truck in half. Rated to handle 2 tonnes.

Handle square or round bales

One bale handler to shift all your bales! With the 3 position adjustable hands, the grip can be fine-tuned to handle virtually any bale size of rounds or squares.

Huge 38mm pins with replaceable bushes

A bale handler that withstands the test of time. Tough enough to handle a telehandler and hundreds of thousands of bales each year without flogging out.

Equaliser@ bar standard

Designed for ultimate control and safer operation. The invention of an Equaliserl allows you to place bales exactly where you need them, not where gravity takes it.

4 year warranty

Hustler's stamp of quality, backed up by more than 200 accredited dealers nationwide.
