

JBI EP RANGE SLASHER

Horsepower requirements largely depend on terrain and what is being cut, however the following specifications are a guide. You can use higher HP tractors on all models but the vegetation being cut needs to be considered when doing this. All EP slashers come standard with front and rear chain guards. The optional wheel kit consists of one pneumatic wheel which castors 360 degrees.

PRODUCT DETAILS

Make	John Berends Implements
Model	0051, 0056, 0061, 0062, 0063, 0065
