

JBI FEL SILAGE FORK

The FEL silage forks are fitted with high tensile Conus II tines bolted into a tapered sleeve. They are capable of lifting over 1000kg evenly loaded. The frame width is 1120mm and the frame height is 960mm. They have been designed to suit the Eurohitch (Global) system however slight variations are known to occur within various brands of loaders so some modification may be necessary for correct fitting.
