

JBI STICK RAKE

The ideal implement for raking up sticks, prunings, light rocks and general trash

. The range of stick rakes come with the option of a fixed top (no offset), toolbar headstock or an offset top which enables the rake to be operated outside the tractor wheels. All tines are spaced at 6" spacings and are fitted with replaceable points and other points are available for different applications. The toolbar is constructed from 2" square K1045 (high tensile) solid bar. Wheel kits can also be fitted to control depth.
