

## KIOTI PX9520 ROPS FARM TRACTOR

The new PX range with a weight of 4 tonne is designed for serious farming and the ideal tractor for front end loader work. With a large 120 litre fuel tank and a fuel efficient engine, the PX is able to work a long time between fuel breaks. Equipped with hydrostatic power steering, the PX provides smooth responsive steering that requires minimal operator effort and is ideal for loader work.

## PRODUCT DESCRIPTION

Standard Features:

- 95hp Diesel Engine
- Power Forward / Reverse Shuttle
- 16 x 16 Transmission
- 4WD with Diff Lock
- Power Steering
- Auto Hydraulic Independent PTO

Engine & Transmission

Powerful environmentally friendly 95hp Perkins diesel engines offer high output, low noise, low vibration and lower fuel consumption compared to some of the competitors.

The PX9520 features a transmission with 16 forward and 16 reverse speeds. The 2 speed PTO (540/1000) with auto stop function is standard on all PX models. Wet disc brakes and rear differential lock are also standard.

Operators Station

ROPS

The PX9520 ROPS tractor features a wide step-through deck, grab handles, fully featured instrument panel, adjustable seat, tilt steering wheel and power steering. Controls are designed for operator comfort and user-friendly operation

Hydraulic System

Standard dual remote hydraulic valves accommodate a wide variety of attachments and implements. A mid-mount double acting valve and a single lever joystick for loader operations are standard on the PX series. The PX9520 has a lift capacity of 2,400 kg.
