

MASCHIO GASPARDO POWER HARROW - FALCO 4600

The folding Falco power harrow is ideal for medium-large sized farms. Robust and reliable, but light-weight, it can be matched with tractors from 110 to 220 HP. It can be combined with a CENTAURO seed drill. The market demand for increasingly high performance equipment but at the same time versatile and reliable led the Maschio Gaspardo R&D team to revise the HD power harrows range. The main changes have affected the structure of the rotors and transmission groups. Larger sections and always more resistant and reliable bearings allow to increase the loading power of up to 20%.

PRODUCT DETAILS

Make	Maschio Gaspardo
Model	FALCO 4600
Working Width	4600mm
Overall Width	2220mm
Tractor HP	110-220hp
Weight	-
SKU	MG-FALCO-4600C
