

MASCHIO GASPARDO MULCHER - GEMELLA 620

The new cornstalk shredder with a foldable frame, Gemella, is a blend of robustness and safety. Thanks to the large cutting chamber, the robust rotor with the tools in a spiral layout and the notched counterblade that can separate the tougher residues, the cutting system guarantees excellent working on tougher sub-layers. The material is unloaded, even in large quantities or moist, is guaranteed by the special shape of the frame. The hydraulic closure with automatic safety hooks allows it to be transported safely and easily on the road.
