

# MASCHIO GASPARDO FOLDING SPEED DISC CULTIVATOR - VELOCE 700C

VELOCE is a light disc harrow for shallow seedbed preparation (up to 10 cm). Discs are arranged on 2 rows with opposing disc direction; wide spacing (800 mm) between rows prevents any soil and crop residue clogging. Every disc has its own independent hub with super-sealed long-life bearings lubricated in oil bath; maintenance time is kept to a minimum. Elements are linked to the frame by a silent block system with 4 rubber dampeners which absorb all vertical stresses and require no recurring greasing as alternative systems do.

(Weights here shown are intended with cage roller ø450mm.)

## PRODUCT DETAILS

<b>Make</b>	Maschio Gaspardo
<b>Model</b>	VELOCE 700C
<b>Working Width</b>	7000mm
<b>Tractor HP</b>	240-320hp
<b>Weight</b>	6900kg
<b>SKU</b>	MG-VELOCE-700C
