THE NEW LIGHTWEIGHT COMPACT TRACTOR FOR PROFESSIONAL FRUIT GROWERS

The T3F series tractors can move with ease between rows, offering excellent performance for spraying, cultivation and road transport. In addition, these machines continue the New Holland tradition of ergonomic excellence, by providing the operator with a comfortable working environment with simple and intuitive controls. In the field of compact orchard tractors, there's only space for New Holland between your rows.

POWERFUL AND COMPACT

Powered by lively three-cylinder turbocharged and inter-cooled engines, with the flagship T3.75F model producing 72hp, the T3F tractor series offers unrivalled performance in a compact package.

SPECIALIST VERSATILITY

Few specialist tractors can match the all-round versatility of a T3F tractor. Light weight and compact dimensions give this tractor the edge when working in confined spaces such as orchards and vineyards.

PRODUCTIVE COMFORT

Class leading ergonomics define this tractor. Ensuring operators are comfortable during long working days was a top design priority, and is apparent from the thoughtfully laid out controls.

HYDRAULIC SUPERIORITY

The T3F is well equipped in terms of hydraulics, boasting a lift capacity of 2277kg, aided by two external lift rams, and a separate pump for hydraulics and for steering. The user friendly Lift-O-Matic™ system makes rear linkage operation quick and simple.
