

NEW HOLLAND T6.180 SIDEWINDER™ II DCT MECHANICAL TRACTOR

The T6 has been designed for today's modern mixed arable farmers and intensive livestock operations and is packed full of features to satisfy even the most demanding users. The T6's striking New Holland design will turn heads. Distinctive cat eye lights, signature light and aggressive fish gill vents in the bonnet add up to one good looking tractor.

PRODUCT DESCRIPTION

LUXURIOUS COMFORT

The T6 has been designed for today's modern mixed arable farmers and intensive livestock operations and is packed full of features to satisfy even the most demanding users.

OUTSTANDING EFFICIENCY

T6 Dynamic Command, 4 cylinder models are the most efficient in their segment, with 9% lower fuel consumption*.

* Calculated using independent DLG PowerMix draft cycle average test and 9% lower fuel consumption based on 4 cylinder published DLG test. Data sourced from independent external sources: DLG test reports www.dlg.org/tractors and UK Profi International The Farm Machinery Magazine.

ULTIMATE PRECISION

A range of guidance solutions are available to meet your needs, including the ultimate in guidance accuracy, the IntelliSteer® fully integrated autoguidance option. Delivering 1.5cm of year-on-year and pass-on-pass accuracy. IntelliTurn™ automated end of row turning functionality can now be combined to automatically trigger HTS II (Headland Turn Sequencing) functionality at a set distance from the headland.

UNMATCHED VERSATILITY

The renowned Auto Command™ continuously variable transmission offers precision speed control and ideally positioned points of mechanical efficiency for both field and road applications. The new Dynamic Command™ eight-speed semi-powershift transmission delivers improved productivity and efficiency.

INCREASED PRODUCTIVITY

Equip your T6 with up to 16 LED work lights to turn day into night for 24-hour productivity.
