

NEW HOLLAND TH7.42 ELITE TELEHANDLER

For over 20 years New Holland telehandlers have continued to deliver an unrivalled mix of performance, dependability and affordability. The new TH series machines benefit from a striking new yellow and grey livery, reflecting their importance to the hay and forage sector and association with those product lines.

PRODUCT DETAILS

Make	New Holland
Model	TH7.42 Elite
Drive System	4WD
Horsepower	131-146hp
Transmission	PowerShift™
Fuel Capacity	140L
Weight	8000kg
Loader	Optional

The new TH models feature an all new and 6x3 PowerShift™ transmission, providing smoother shifting and shuttling performance resulting in a better driving experience. Compliant to Tier 4B emissions standards, enhanced performance and economy are matched to improved comfort and reduced operating costs. The very latest cab sets a benchmark for low noise and comfort.

SUPERIOR VISIBILITY AND COMFORT

The new TH range features an advanced cab design that offers improved comfort, noise suppression and visibility for maximum productivity at any time. The new LED light option can produce up to 25,000 lumen of combined lighting power to turn night into day and increase safety and productivity.

ENHANCED QUALITY

The TH telehandlers feature a twin U shaped robot welded boom, that is extremely rigid and durable. The H shaped ladder chassis has massive torsional strength and is engineered to operate in the most demanding applications. New Holland is committed to ongoing quality improvement and has invested in a new dedicated TH production line between 2012 and 2013.

EASE OF OWNERSHIP

Downtime is the enemy of productivity, that is why all TH telehandlers are engineered to minimise the need for routine maintenance for optimised dependability. Daily checks and routine care has been simplified, making it easier to look after the handler between its extended 600-hour service intervals.
