DESIGNED AROUND YOU

New Holland designed and developed the all new TT4 around you, effortlessly combining muscled up performance with plenty of new appealing features, giving you, the farmer, the cutting edge in tractor technology.

POWER AND PRODUCTIVITY

Characterized by sturdy design and functional layout, ensuring reliability and durability, the new TT4 thrives on being pushed to the limit. The new TT4 engines offer more than just muscle. They set the highest standards for both dynamic performance and fuel economy, thanks to FPT Industrial.

VERSATILITY

No two farms are alike, and that is why the TT4 has been engineered to offer farmers ultimate versatility. Featuring 2.5 tons maximum lift capacity, up to 60Lpm hydraulic flow and 10 new transmission options tailored for every farming operation, the new TT4 offers bigger attitude to pack more into every working day.

ABSOLUTE DRIVING PLEASURE

Spending long hours in the field comes easy with the TT4. Offering well-thought-out comfort & space, featuring a true flat deck operating platform, steering column mounted shuttling & ergonomic controls, ensuring you work in comfort and keep alert for the job at hand.

ENGINEERED TO REDUCE COSTS

The TT4 range are simple to operate, easy to maintain and built to go the distance, offering maximum uptime and reduced maintenance cost, putting money back in your pocket.
