

PELLENC OLIVION P230 OLIVE HARVESTING RAKE

Specifically designed to make your work easier and profitable, the Olivion electric comb combines maneuverability and lightness, while preserving the tree and its branches. Extremely efficient, Olivion adapts to the different types of olives to be harvested and can go up to 8 times faster than manual harvesting. Easy to use, its ergonomic design isolates vibrations so as not to bother users. 230cm Fixed Pole Vibrating Olive Harvesting Rake (ST)

PRODUCT DETAILS

Make	Pellenc
Model	57018
SKU	48 57018

PRODUCT DESCRIPTION

Productive

- Very powerful (380 W).

- Very high efficiency PELENC electric motor.
- Fastest harvesting comb in its class: up to 8 times faster than manual harvesting.
- Harvest optimization: effective on green olives, blackberries and olives.
- Use up to a day and a half of autonomy (700 battery).

Ergonomic

- Handle with vibration isolation for better user comfort.
- Ultralight (2.5 kg for the fixed and 3.2 kg for the telescopic).
- Quiet and easy to use.
- New handle to reach the tips of the trees (optional).

Economic

- Reduced investment for small farms thanks to the 12/44 V PELENC converter.

Sustainable

- Designed to respect the tree (carbon fiber finger and foam on-fingers for fragile fruits).
