- Accessory Integration

ALL-NEW HELMET AWARE TECHNOLOGY

The RZR 200 EFI comes equipped with two helmets and an attachable Bluetooth beacon. Using the Ride Command App, parents can pre-set vehicle controls so that the vehicle won't start when the beacon is out of the vehicle gauge range, ensuring that fun is always paired with a helmet.

DIGITAL SPEED LIMITING

Ensure kids are riding at the appropriate speed for their age, experience and terrain, by easily setting a max speed using Youth Ride Control, managed from your Ride Command app. Even out of sight, parents can monitor speed.

GEOFENCING

Keep your kids in safe parameters by quickly setting and controlling ride boundaries. Set speed limits for within and outside of geofenced area.

PARENT-PLEASING SAFETY FEATURES

With RZR 200 EFI, parents can rest easily knowing their kids are surrounded by industry-leading safety and technology features.

KEEP THEM IN YOUR SIGHT

Youth Ride Control, powered by the Ride Command App, allows for parents to control speed and set boundaries, giving you joy of helping your kids grow into the sport while setting controls that match their skill level. Functional Speedometer ensures riders can clearly see their speed, while allowing parents to track speed even when not in sight.

HELMETS NOT OPTIONAL

With all-new Helmet Aware technology be confident that your riders wear head protection. Vehicle senses if the riders are wearing helmets in order to start, so fun doesn't come without peace of mind. Comes with 2 helmets.

ALL-AROUND PROTECTION

The RZR 200 EFI comes standard with hard doors to ensure your kids are having the time of their lives, while making sure they stay in, and everything else out.

SEE AND BE SEEN

LED Headlights and Taillights give riders higher visibility, keeping them more aware of trail conditions and ensuring that others will see the vehicle coming. Also equipped with high-visibility flag.
