

POLARIS RZR XP TURBO

THE DRIVING FORCE IN OFF-ROAD

ULTIMATE COMBINATION OF POWER, SUSPENSION & AGILITY
 Through relentless innovation and a passion for the ride, RZR is the world-leader in off-road domination. There's more to achieving the pinnacle of Xtreme Performance than simply developing around just power or big travel. Each RZR is extensively engineered to deliver an optimally balanced chassis, and the ultimate combination of power, suspension & agility.

PRODUCT DETAILS

Make	Polaris
Model	RZR XP Turbo
Drive System	High Performance On-Demand True AWD/2WD
Horsepower	168hp
CC's	925cc
Fuel Capacity	35.9L
Weight	687kg
Box Capacity	136.1kg
Passenger Capacity	2
Ground Clearance	35.6cm

SKU

POL-RZRXP TURBO

PRODUCT DESCRIPTION

PERFORMANCE NEVER FELT SO FURIOUS

64" Width. 168 HP. 29" Tires. 20" Usable Travel. This model is cut more aggressively and equipped with a refined cockpit to demolish any terrain.

ALL NEW DESIGN INSIDE & OUT

Inside the dark heart of the beast, the entire cockpit has been re-engineered — instinctive in nature, intuitive in control, and purposeful in detail.

- Premium Painted Panels
- Menacing LED Lighting
- Digital Display Cluster
- Redesigned Interior
- Lower Doors

TURBOCHARGED FURY - 168 HORSEPOWER PROSTAR ENGINE

From the moment you stomp the accelerator, the world's most powerful RZR comes alive with a chaotic fusion of raw power and mind-numbing acceleration. Fuel is electrified with a forced charge of induction creating an unequaled combination of 168-horsepower and locomotive low-end torque, in excess of 114 FT-LBS, with instant delivery. When unleashed, it's a force others can only follow.

CONTROLLED CHAOS - CLASS LEADING SUSPENSION

The intense interaction between vehicle and terrain can be nothing short of ruthless. Rocks, stumps, silt sand, mud, all being encountered at high-speed. This unrelenting onslaught is tamed with industry-leading suspension for unmatched control, confidence, and comfort. With an incredible 21" of usable travel and stage-tuned Walker Evans Needle Shocks, the race proven design has earned countless victories in the most rugged places on earth.

INSTINCTIVE CONTROL - INDUSTRY LEADING AGILITY

RZR industry-leading Agility is no accident. Our engineers developed the ultimate combination of chassis, suspension, steering geometry, AWD, and power to create an off-road vehicle with a level of high-performance handling and agility so responsive, it practically reads your mind.

- 168HP ProStar Turbo 925
- 64" Width
