PRODUCT DESCRIPTION

Qiki replaces traditional D-shackles or Bow shackles and once fitted cannot be removed or lost. No more searching for lost or missing shackles when you go to hook up a trailer or caravan. They are small, lightweight, unobtrusive and simple to hook up and unhook. Can be locked with a small padlock for security, if required.

They are rated to meet the Australian standards required for trailer chain connectors. Suitable for trailer chains up to 13mm. One Qiki required per trailer chain. The hammerlock part is D100 rated to 2500kg. The Qiki hook set is also rated to 2000kg. Units are rated to WLL 2000 kg. ADR requirement is WLL 850 kg.

Australian invented! Sold individually, and comes with instructions.

Qiki is a product of "ITS" - Intelligent Transport Solutions.

- Subtle non-intrusive
- Permanent connection to vehicle
- Trailers over 2500kg require 2 units
- Suitable for trailers up to 4500kg
- Maximum chain size 13mm
- Lockable with a padlock (optional)
- Australian regulation compliant (AS 4177.4)
