

SILVAN WINCHESTER DOUBLE BARREL BOWIE KNIFE

The shape and style of the Winchester Bowie Knife reflects the traditional Bowie design, including a blade tip that's lower than the spine of the blade for added control, a bevel edge at the point to streamline the tip, and a curved edge near the point for removing skin from the carcass. A notch near the hilt can be used as the sharpening starting point, to strip wires or sinew, and help repair ropes or nets.
