

TORO 30" STAND-ON AERATOR (29521)

The 76.2 cm stand-on model boasts a powerful Kawasaki V-Twin engine with integrated hydraulics that follow the contours of the ground to pull even plugs over hills and soft ground. It applies up to 544.3 kg of down pressure on the tines to pull up to 12.7 cm cores, and operators can finely tune the hydraulic system to pull any length of plug on the fly. Electronic foot pedal controls also allow the operator to raise and lower the tines instantly for quick zero-turn maneuvers without taking their hands off the controls. In addition, the floating operator platform isolates the operator from vibrations for an exceptionally smooth ride.

Now with Electronic Depth Control to allow you to easily adjust core depth at a touch of a button

PRODUCT DETAILS

Make	Toro
Model	29521
Engine	Kawasaki FS481V V-Twin
Weight	460.4kg
Aerating Width	76.2cm
Aerating Depth	Up to 12.7cm
SKU	TORO-29521
