## PRODUCT DESCRIPTION

Raise your expectations with this easy-to-start, easy-to-use, and easy-to-maintain mower. The extra-long 56 cm blade, the largest in the industry, lets you mow a wider path to get the job done faster. It is ready when you are, as it starts the first time, every time. Made to last, it has rugged durability with a steel deck, not plastic. Supercharge your mowing with an amped airflow that requires less energy to cut more grass into teeny-tiny, clumpless clippings. That's our Vortex Technology™ giving you Lawn Vitamins™ for free. Plus, save storage space with its space-saving design. With 324 watt-hours, the L324 battery can cut up to 1300 m<sup>2</sup> (0.3 acres) – over 5 tennis courts!\*

Choose Toro with confidence to save time, eliminate hassles and have a great looking garden. Introducing the 60V Max\* Lithium-Ion Flex-Force Power System®, where you don't have to sacrifice performance to enjoy the ease of battery power. Toro's legendary reliability, durability and performance. Finally, a cordless platform without compromises. Flex-Force Power System® Battery and Charger can be used across the range of Flex-Force Power System® handheld tools.

\*Battery manufacturer rating = 60V maximum & 54V typical usage. Actual voltage varies with load.

### Key Features:

- Personal Pace System
- Recycler Cutting Technology
- SmartStow Technology
