Deck Size	52" (132 cm)
SKU	TORO-18750TE

PRODUCT DESCRIPTION

The new Revolution Series 52 inch Z Master® MyRIDE® is built on the same proven Z Master chassis and TURBO FORCE® deck that you've trusted for years but with a quieter, eco-friendlier design to deliver lower overall cost over the machine's lifetime.

Powered by Toro's HyperCell® Power System®, the Battery Management System (BMS) allows for longer run times and quick charging to maximise productivity. HyperCell® is built to run cooler than other power systems for long-lasting efficiency. With all-day runtime from the Toro developed HyperCell® battery system, you can expect to power through your day, every day.

The proven MyRIDE® Suspension System feature provides a superior ride. The fully suspended operator platform allows up to 7.6 cm of travel and reduces impacts, bumps and vibrations. Operators can easily and quickly adjust rear-shock ride settings to personal ride preferences without tools!
