

VICON EXTRA 7100R VARIO BX MOWER CONDITIONER

Swath Belt Solution for Doing A Better Job. The Vicon BX is primed to maximise working capacity and utilise the full capacity of the EXTRA 7100 without compromising on quality of work. Vicon BX automatically does the job of adjusting belt speed to working width, for the same uniform swath width, regardless of position of mowing units. In combination with GEOMOW, this means maximum working capacity, excellent operator comfort and an even, uniform swath formation.

PRODUCT DETAILS

Make	Vicon
Model	Extra 7100R Vario BX
