

## VICON FANEX 1404C TEDDER

Fanex 1404C is very easy to use. All operations are run hydraulically, and can be controlled from the tractor cab. The tedders come with a hydraulic adjustment for border tedding, to prevent loss of grass due to ditches or fences. Despite size, both tedders are very easy to run. They are supplied with transport carrier as standard, making it possible to operate the machine in combination with low horsepower tractors.

### PRODUCT DETAILS

<b>Make</b>	Vicon
<b>Model</b>	Fanex 1404C
<b>Working Width</b>	13300mm
<b>Rotors/Tines</b>	10/7
<b>Weight</b>	2300kg
<b>SKU</b>	VICON-FANEX1404C

### PRODUCT DESCRIPTION

- Unique transport solution with outer rotors folded onto the carrier frame.
- Wide track width of 2m ensures stability.
- The carrier frame design limits the tractor size needed.
- Hydraulically adjustable border tedding via two or three outer, right hand side rotors.
