

VICON GEOSPREAD 1875 SPREADER

The RO-EDW GEOSPREAD is equipped with two actuators on each dosing unit. One of these actuators controls the setting of the discharge point of the dosing cup onto the disc (letter setting), the other controls the application rate.

The GEOSPREAD system makes it possible to adjust the letter setting individually for both discs electrically from the tractor cab. This means the working width can be easily adjusted quickly and accurately just by touching the ISOBUS terminal.

PRODUCT DETAILS

Make	Vicon
Model	RO-EDW, RO-EDW Geospread 1875
Hopper Capacity	1875L
Width	2900mm
Weight	705kg
Spread Width	12-54m
SKU	VICON-RO-EDW

PRODUCT DESCRIPTION

- RotaFlow spreading system
- Fully automatic weighing system with unique reference sensor
