# ATTACHED TO YOUR FREEDOM

Drawing on their 20 years of experience manufacturing electronic tying machines, our teams have designed a tool with the user in mind. With its integrated battery, ergonomic handle, and a comprehensive range of PELLENC ties, the FIXION 2 offers unrivalled freedom of movement and working speed.

Light and easy to handle, it provides time savings of up to 50% compared to tying by hand. With enough battery life for a full day's work and more, your productivity gets a considerable boost.

Adaptable, it can be used with the tie band fitted on the tool or on the user's belt.

We offer a wide range of ties to suit your needs: Standard, Stainless steel, Climatic, and Paper.

**Over 100,000 vine growers all around the world tie with PELLENC**

PELENC is the worldwide market leader in tying machines.

“

*The Fixion 2 tying machine is light and easy to handle. Tying is easier with the tie band mounted on the tool. There are no more wires hooked onto the belt. It gives you freedom of movement and means you can spend a whole day tying efficiently.”*
