POWER WITHOUT COMPROMISE

Charged Up
Cut up to 1300m² with full battery.

Built for Tough Conditions
Made to last, the steel deck provides excellent durability.

Ready to Work
The 60 volt battery has intelligent battery software to maximise run time and power.

SmartStow® Reduces the storage footprint by up to 70%[^], and provides easy access to clean under the deck and service the blade.

Vortex Technology provides more airflow to supercharge your grass cutting. The ultra-fine clippings created by our Recycler® Mulching System become Lawn Vitamins™, nourishing your grass and cultivating a greener, more lush lawn.

[^]Space savings are in relation to the space consumed by a Toro® 22" Walk-Power Mower that is stored with the handle in the standard operating position.

Products depicted in this literature are for demonstration purposes only. Actual products offered for sale may vary in use, design, required attachments and safety features. We reserve the right to improve our products and make changes in specifications, designs, and standard equipment without notice and without incurring obligation. The gross horsepower of the engines have been laboratory rated by the various engine manufacturers. As configured to meet safety, emission and operating requirements, the actual engine horsepower on this class may be significantly lower.

Many of the products you will find in certified Toro dealers' stores come with a warranty or guarantee from The Toro Company. In addition, our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage.

You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Full details of your consumer rights may be found at www.consumerlaw.gov.au

RECYCLER® MOWERS

A mower that adjusts to you, with no knobs, no levers, no messing around. It's a boatload of features that easily make you and your lawn look great in less time.

PERSONAL PACE® WITH AUTO-DRIVE™
No levers, no adjustments, no learning—the self propelled evolved.

VORTEX TECHNOLOGY™
More airflow to supercharge your grass cutting.

BETTER BAGGING
Fits more so you empty less.

MOW MORE IN LESS TIME

Time Saver
Finish jobs faster with the 76.2 cm (30") deck.

Pick Your Pace
You control the mowing speed with Personal Pace®.

Big Power
10.00 ft.-lb. gross torque Briggs & Stratton® 223cc OHV engine.

COVER MORE GROUND

Commercial Quality
Precisely timed, twin-blade cutting system powered by a commercial-grade 179 cc Kawasaki engine.

Productivity
3.8 litre long range fuel tank and simple two-bail control system.

Effective on Hilly Terrain
The upgraded transmission has a new disc brake assembly, a belt tensioner built-in and a fan on top to help disperse heat. This transmission provides much higher drive force to the rear wheels.

DELIVERS ON PERFORMANCE

Hard Working
Powered by a strong reliable Kawasaki® commercial grade engine.

Inbuilt Efficiency
This mower features a unique, tapered deck design with a generous discharge tunnel that promotes superior air flow and maximum suction.

Recycler® Cutting System
This patented cutting system cuts and recuts grass clippings into fine mulch and directs them deep into the turf to provide a "just bagged" appearance.
